MEMORANDUM FOR: [REDACTED]

Chairman, Information Handling Committee,  
IC Staff

FROM : Clifford D. May, Jr.  
Director of Data Processing

SUBJECT : ADP Issue Papers (U)

25X1A

1. (U) In response to [REDACTED] request of 26 August, I have enclosed copies of several study papers on ADP management prepared for the CIA Executive Advisory Group (EAG). For your information, the EAG is basically the CIA "Board of Directors" consisting of the DDCI (Chairman), DDA, DDI, DDO, DDS&T, Comptroller, and the General Counsel. The EAG has already considered the reports on Issues 1, 2, and 3. The recommendations regarding Issues 1 and 2 have been approved and are being implemented. The recommendations on Issue 3 were approved in principle but implementation was deferred pending the outcome of Community reorganization activities. (The 5 April paper on "Definitions" was prepared in support of the Issue 1 and 2 reports to clarify the questions of "what is ADP" and "what is an ADP person." Issue 4 has not yet been considered by the EAG.

2. (U) Please pass the enclosed material to [REDACTED] who, I understand, is under contract to the IC Staff. I hope this information will be useful. Please call me if you have any questions.
